

KEGG Terms

Terms

Synaptic vesicle cycle
Retrograde endocannabinoid signaling
Relaxin signaling pathway
Regulation of lipolysis in adipocytes
Prion disease
Pathways of neurodegeneration
Nicotine addiction
Morphine addiction
Longevity regulating pathway
Long-term potentiation
Insulin signaling pathway
Insulin secretion
Huntington disease
Glutamatergic synapse
GABAergic synapse
FoxO signaling pathway
Estrogen signaling pathway
Dopaminergic synapse
Colorectal cancer
Circadian entrainment
cAMP signaling pathway
Amphetamine addiction
Alzheimer disease
Adrenergic signaling in cardiomyocytes

P.value

Cell Type

GABAergic

Glutamatergic

Non-Neuronal
